# Name

# WT2

Fully Qualified Domain Name (FQDN) of this resource

osgserv01.slac.stanford.edu

Required

\* Required

#### Site

Resource Group

## **Short Description**

This site use batch fair share to manage resource usage. The maximum CPU resource listed, which are virtually all owned by ATLAS, are actually maximum (average) resource one can expect over a period of time. Occasional usage can be much higher.

\* Required

#### Information URL

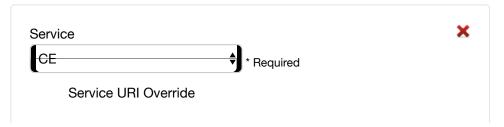

http://none.none/none \* Required

### Resource FQDN Aliases (If Applicable)

If you used a DNS alias as their main gatekeeper or SE head node FQDN (as defined above), then you can add real host name(s) here as reverse alias(es).

## **Resource Services**

## Contacts

The contact editor allow you to search and assign contacts. When assigning various contacts on this form, if you do not find the contact you are searching for, then add a new contact (contactedit) first.
